

The Baerlocher Group of Companies is one of the leading suppliers of additives for the plastics-, building-, and pharma industry. With the experience of more than 190 years of company history our global team of more than 1000 employees in our worldwide production sites provide customer specific solutions.

Be part of our global team in our headquarters München-Unterschleißheim as:

Coordinator Digitalization (m/f/d)

Your Tasks:

- Assess the current status of the organization regarding digital readiness
- Develop a digital strategy: Consider and weigh various alternatives, select the appropriate solutions and manage the execution of the projects. Follow up on the implementation and post implementation of projects and analyze the effects
- Support the development of digital awareness and digital readiness within the organization, encourage the stakeholders to actively participate in digitalization, organize workshops and interviews
- Foster the utilization and automatization of data processing and create a digital enabled information exchange
- Drive the creation of an external digital innovation ecosystem and act as interface between the ecosystem and the business
- Support the selection of digital tools, e.g. for CSR, Employee Branding, Social Media and the Homepage
- Support Corporate Development in the execution of core projects

What we offer:

We offer you a variety of tasks with individual development opportunities in an international company. In addition to a modern workplace in a conveniently reachable location, you can expect flexible working hours, an attractive compensation as well as range of social benefits, the option to lease company bikes and much more. We combine the advantages of sustainability with a high willingness to invest and innovate. Baerlocher stands for short decision paths, flat hierarchies and a cooperative working climate.

Would you like to be part of our team? Then we look forward to your application with your possible date of entry by e-mail or via our online application form.
