

## We are searching for you!

IT Application Developer  
(m/w/d)

 Unterschleissheim /  
Lingen and mobile

 Full time

**BÄRLOCHER** 

With a company history of 200 years, the **Baerlocher Group** is one of the world's leading additive suppliers. Our modern company is represented worldwide and thus combines the advantages of a medium-sized family business with an internationally operating group of companies. We welcome diversity and working in intercultural structures where our overall company values of respect, integrity and excellence are lived. Due to our continuous growth we are looking for you as

### IT Application Developer (m/w/d)

#### WHAT WE OFFER

- A diversified area of responsibility with high degree of creative leeway
- Flat hierarchies in a family business with individual development opportunities
- Flexible working time models and mobile working but also excellent public transport connection (in Unterschleißheim) and free parking at all our sites
- All benefits of the chemical industry, company restaurant with discounts and take-away facility

#### YOUR PROFILE

- Successfully finished apprenticeship or similar in the IT area
- Excellent Knowledge in VBS, Java Script, SQL (preferably MS SQL)
- Knowledge in browser-based Enterprise Content Management / Document Management Systems (Windream / Dynamic Workspace would be ideal)
- Knowledge in process analytics and process documentation and their documentation in workflows
- Experience in design, development and running of applications
- Experience in change and project management within the area of application development

#### YOUR TASKS

- Development, running and support of solutions in the ECM/DMS area of Dynamic Workspace and Windream BPM
- Support of system updates and adjustments: thus managing changes of in-house Designed IT systems
- Self-dependent development of IT applications and management, as well as, coordination of changes and problem solving

we add character to plastics  
Respect Integrity Excellence
