Manager Digital Transformation – Sustainability (f/m/d)

 Unterschleissheim / mobile

 Full time

BÄRLOCHER 

With a company history of more than 200 years, the **Baerlocher Group** is one of the world's leading additive suppliers. Our modern company is represented worldwide and thus combines the advantages of a medium-sized family business with an internationally operating group of companies. We welcome diversity and working in intercultural structures where our overall company values of respect, integrity and excellence are lived.

As part of our approach towards sustainability, we believe that digitalization plays a major role to support our strategy and continuously improve operational excellence. As part of our digital transformation office we are looking for you as

Manager Digital Transformation - Sustainability (f/m/d)

WHAT WE OFFER

- An intensive upskilling phase
- A diversified area of responsibility with high degree of creative leeway
- Flat hierarchies in a family business with individual development opportunities
- Flexible working hours and mobile work
- All benefits of the chemical industry, including pension schemes
- Company restaurant with employer-sponsored discounts and Take-Away option
- Additional offers such as company bicycle leasing and team events

YOUR TASKS

- Focus on digitalization efforts in the field of sustainability management in our global team
- Acquire all necessary knowledge as inhouse participant of an AI upskilling programme
- Implementation of AI use cases as part of an AI booster hub, with focus on sustainability topics
- Coordination in projects between stakeholders on a local and international level
- Ensure technical requirements regarding data needs & structure
- Sparring with business owners to ensure successful business use cases of AI

YOUR PROFILE

- MINT or Chemical background and basic to advanced programming skills
- Understanding of data quality needs for machine learning and deployment of artificial intelligence
- Experience in (Chemical) industrial areas, regarding process optimization and/or sustainability management
- Interest to work at touchpoints between business, IT and sustainability within a chemical company
- Passion of working with international teams and to drive the field of sustainability by digital transformation
- Excellent German and English language skills, communication and project management basics

YOU ARE INTERESTED? THEN WE WOULD LIKE TO KNOW MORE ABOUT YOU.

We are looking forward to receiving your message and CV at HRM@baerlocher.com
